

Easy-access Letter Retrieval

For an audit-friendly Process

Dealertrack Letter Image Retrieval

The inability to easily access letter images can result in audits and fines. Dealertrack now offers a systematic, self-service process for quickly saving, storing and retrieving key release letter documents at any time.

Saved and recall:

- Release Request Dispatch Letters
- Release Request Scheduled Letters
- Paper Title Request Dispatch Letters
- End of Lease Dispatch Letters
- Document Request Dispatch Letters

How It Works

When letters are generated through Dealertrack's Title Management System, lenders have the option to store them digitally for 24/7 availability on the additional documents tab.

- Configure storage options and secure access through user-specific login credentials
- Self-service process for instant retrieval
- Consistent storage and access workflow provide a transparent audit trail
